

What you will pay for our courses after CSQ funding is applied.

We offer training courses for 5 earthmoving machines: Excavator, Skid Steer Loader (Bobcat), Front End Loader, Roller and Backhoe (for the Backhoe we need access to an employer’s machine, as we do not have one of our own at the present time). We are approved for CSQ Funding for all 5 machines. Funding is available at \$505 per machine (\$500 for the roller). We also offer CSQ Funding for the forklift high risk work Licence.

There is no limit on the number of competencies you are able to complete in the 2021-22 Funding Contract term.
